

The Best Ideal of a Family Medicine.

A remedy which promptly and completely relieves all ailments of such common occurrence as indigestion, constipation, biliousness and disorders of a malarial type, is assuredly the best ideal of a family medicine. Such is Hostetter's Stomach Bitters, which is not only capable of eradicating these complaints, but also counteracting a tendency to kidney troubles, rheumatism, and premature decay of vitality. Taking it "all around," as the phrase is, there is probably not in existence, so useful, effective and agreeable a household panacea as the Bitters. Nor is it less highly esteemed by the medical profession than the families of America. Numerous testimonials from professional sources of irrefragable authenticity evince its merits. The demand for it abroad, no less than in the land of its discovery, is certainly increasing, time and experience of its beneficent effects confirming the high opinion originally formed of it.

MODERN CRUSOE.

Modern Yarns that Should be Told to the Mariners.

A New York contribution to the columns of the Boston Globe relates the following interesting and romantic story:

A few days ago a man about 60 years of age, with the appearance of an old farmer, and very taciturn, registered at the Sinclair House, under the name of Ezra W. Forman, Noma, Pleiades group, Pacific Ocean. Conversation shows him to be a very intelligent man. He tells a wonderful tale. He says in substance that the year 1847 the ship Ocmulgee of Wareham was homeward bound with full load, tryworks overboard, and tribs and kegs of oil stowed in every ton. After leaving Lahaina, S. I., October 7th, with 350 barrels sperm, 3,250 barrels of whale oil, and 41,000 pounds bone, she was never heard from. Forman was boat-steerer. He claims he is the sole survivor, and states that the ship was wrecked on Nomora, an island in the Pleiades group, and gives the following romantic story of the wreck:

"The Ocmulgee went ashore on Nomora in December, 1847, and all hands were down excepting myself, Martin, the cook, and an Hawaiian sailor named Waialea. All the oil casks were stowed, and the ship gradually hove over the reef, until finally the survivors could walk around her at low water."

"Through the Hawaiian I was enabled to talk with the chief of the island. I explained the uses that might be made of the various articles, and assisted by natives got everything out of the ship, including the bone, and then broke up the ship, saving planks, nails, anchors, chains and whaling gear."

"We went to gun houses, lands and wives, accepted our position and determined to make the best of it, and, except that the natives from home and friends, were content and happy. I taught the natives many of the rudiments of the arts, and they prospered greatly. But the natives feared to lose us, and when a ship came in sight hurried us away into the interior until the foreign vessels had passed on."

"Later my two companions died and I was left alone. Surrounded by my children and grandchildren, I was finally acknowledged to be their ruler, and I was their chief. I told them I must go to my friends, but had to swear by their gods that I would return. Finally a sandalwood trader touched there, I embarked in her, was landed at Sidney, and made my way there after much trouble and delay."

Such is Forman's story. Now comes another remarkable tale. He says that the whalebone is in prime condition, and from the time of its wreck to the present day a native has always been on guard over it, and that regularly once a week its position has been shifted to save it from rats and mold. Forman says that his two companions left a number of children who now are all big and healthy, and that he has twenty-nine sons and daughters and sixty-nine grandchildren. Some Philadelphia merchants have taken stock in Forman's story, have advanced him \$5,000 worth of goods, chartered a steamer and she will soon leave New York for the Pleiades, to carry out this modern Alexander Selkirk and bring back the bone, estimated to be worth now from \$150,000 to \$175,000. The story is a romantic one, and the appearance of Forman carries truth with it; but a Nantucket gentleman, to whom the tale has been submitted, who is conversant with whaling matters doubts it from first to last, and advises the merchants, responsible ones, by the way, to examine Forman and his story very carefully before accepting its truth. The gentleman who has advised on the matter says there never was a ship Ocmulgee of Wareham in the whaling business that was lost. The only whaler of that name was owned in Holmes Hole, and sailed repeatedly from that port from 1844 until, in 1865, she was burned by the Confederate cruiser Alabama. There are also other serious discrepancies in Forman's statement, among which is the proportion of whalebone to the proportion of oil taken, and although his yarn is ingeniously twisted, yet it is full of flaws and apt to strain on examination, and the inference is, unless he can reconstruct his story with a new name for the ship that is acceptable, he is a crank or a cheat of the worst sort.

**Varieties.**

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there your lungs cannot do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boecher's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed us, you may depend upon it.

**Their Business Booming.**

SATURDAY, OCTOBER 22, 1887

A PROPOSITION has been made to the Board of County Commissioners by a number of young men which, if accepted, will do much towards placing Reno in a position to successfully combat fire. The proposition is this: If the Commissioners will erect an engine house in some locality south of Second street, having sleeping accommodations for six or more, besides room for the engine and appurtenances, eighteen young men of Reno stand ready to organize themselves into a volunteer fire organization. The sleeping accommodations will be for the members, the idea being to always have a sufficient number on hand to insure prompt service in case of an alarm. The members of the Reno band are the originators of the scheme, but it will in no sense be a private organization, every young man in Reno being eligible to membership.

The estimated cost of the building is about \$800, and the cost of maintaining the company will be but nominal, as the wages of a janitor, lights, and such other items incidental to the fire department. From what can be learned from our leading taxpayers they are in favor of some such scheme, and that is: The town must be placed in a position to protect itself against fire. Something, they say, should be done at once, or Reno may again suffer a calamity such as in 1878 laid waste the greater portion of the town.

THE domestic wheat crop of 1887 has been heretofore estimated at 430,000,000 bushels, with 115,000,000 bushels available export surplus. The Government Department of Agriculture, on October 10th, reported a possible crop of 450,000,000 bushels. The earlier estimates gave a surplus of 115,000,000 bushels, including 25,000,000 from the Pacific Coast, leaving 90,000,000 bushels from Atlantic ports. The surplus is now increased to 110,000,000 bushels from Atlantic ports, of which 40,000,000 bushels have been exported within fourteen weeks, leaving 70,000,000 bushels still available for export. Of this about 14,000,000 bushels will be required, without the United States, on this continent, leaving at this time 55,000,000 bushels available for Europe.

THE total yield of the four principal metals in Colorado since their first discovery up to the close of last year, according to a table prepared by T. F. Van Wagenen, E. M., for the Rocky Mountain Mining Review, is as follows: Gold, \$78,100,000; silver, \$157,951,000; lead, \$27,345,000, and copper, \$4,846,000, making a grand total of \$268,241,000, covering a period of 28 years.

A NOVEL scheme is on foot in Colorado. The flockmasters propose to build their own scouring mill; each one to take stock amounting to the sum that he pays the roads in a single year on the stand in his wool. The mill will be located at Denver. Could not our Nevada sheep men establish a similar institution in Reno?

SACRAMENTO is trying to obtain from the railroad company stop-over privileges at that point for immigrants having through tickets to Southern California. An improvement would be for the company to grant stop-overs at various points within Nevada and California to give immigrants the largest facilities for seeing the country.

## NEWS OF THE DAY.

Frank Pixley interviewed by Eastern Reporters.

A DRAMATIST RECOVERING

Commissioner Edgerton on the Civil Service Laws.

DETROIT WINS THE PENNANT

Items of Interest From all Quarters of the Globe.

(PRESS DISPATCHES TO THE GAZETTE.)

**Frank Pixley Talks.**  
PHILADELPHIA, Oct. 22.—Frank Pixley has been interviewed by a reporter and is represented as saying that the Chinese question is no longer a live issue. He also said that the Restriction acts are operating successfully, and that a limited amount of Chinese labor is an economic necessity, speaking of the American party he said: "We have shown ourselves pretty well organized in California and Colorado. By virtue of our movement, California has an American Governor. We saw the folly of being ruled by bosses with their foreign insolence. California is still dominated by two bosses, but not foreigners; one of them is Higgins, who runs the Republican party, the other one is Buckley, who tells the Democrats what way they must walk in." Pixley also spoke at a meeting of the First Ward organization of the American party in this city.

**Civil Service Laws.**  
WASHINGTON, Oct. 22.—Civil Service Commissioner Edgerton, in an interview with an Associated Press reporter, said that Government employees unquestionably have a right to associate themselves together for the purpose of advancing the interests of any political party, and also to assess the members and receive contributions for political purposes. In reference to Oberly's recent order that anyone actively engaged in political work shall not be eligible for appointment on the Board of Civil Service Examiners, Edgerton said that the order is not justified by law or any order issued by the President. It involves a political inquiry by the Commission—a right denied it by law.

**Detroit's Champions.**  
WASHINGTON, Oct. 21.—In the morning game the Detroit's scored 4 and St. Louis 11.

**Baltimore, Oct. 21.**—This afternoon the Detroit's scored 13 and St. Louis 3. The St. Louis Browns were compelled to relinquish their proud claim of champions of the world, as they were defeated by the Detroit for the eighth time in the eleven games played. The Browns played like amateurs, while the League champions took advantage of every point.

**Extravagant Management.**  
CHICAGO, Oct. 22.—A Tribune special from Detroit says: "The managers of the Alpha Oil Company, a young rival of the Standard Oil Company, have made an assignment. Its capital, with that of a branch institution, was \$5,000,000. Its leading spirits are prominent men of Detroit and Michigan with Cleveland millionaires. The assignment is said to be the result of extravagant management."

**A Contract Laborer.**  
NEW YORK, Oct. 22.—Suit was begun in the U. S. District Court to-day in behalf of the United States against the Trustees of Trinity Church for importing, under a contract to preach, Rev. E. Walpole Warren, the English clergyman. The offense charged is a violation of the contract labor law and the penalty for the offense is \$1,000 fine.

**A Female Secretary Arrested.**  
CINCINNATI, Oct. 22.—Miss Josie Holmes, private secretary of E. L. Harper, in the Fidelity National Bank, was arrested last night by United States officers on a north-bound railroad train, at Hamilton. She was brought to this city at midnight and put in jail. There is a belief that officers will make numerous other arrests.

**A Murderer Lynched.**  
DELHI, Ind., Oct. 22.—About midnight last night a mob of 180 men attacked the jail and took out Owen Green, who was confined and waiting trial for the abduction and murder of Lulu Mobbit, and lynched him about seven miles from town.

**Bartley Campbell Recovering.**  
NEW YORK, Oct. 22.—Bartley Campbell's friends in this city have received word that the dramatist is rapidly recovering his reason, and that he will be able to eat his Christmas dinner outside of an asylum.

**The National Convention.**  
PITTSBURGH, Oct. 22.—Chairman Jones has issued a call for the National Republican Committee to meet at the Arlington Hotel, Washington, D. C., on the 8th to fix a date and place for the next National Convention.

**Thirty-five People Killed.**  
DETROIT, Oct. 22.—The Canadian Preppeler Ontario is reported blown to pieces by the explosion of her boiler in the north channel near Bruce mines, and 35 people killed. No particulars obtainable yet.

**To Stockmen.**  
The following items of interest to stockmen are clipped from the *Northwestern Live Stock Journal*: All other departments of production pool their interests. Why not beef producers. It is a practical and sensible thing to do and sooner or later it will be done. The sooner the better.  
Stockmen, put away all local and personal jealousies and get into line for the good of the whole. By helping each other in a general way you help yourselves in an individual way. Stand together and keep your interests closeherded.  
Keep it in mind that a lean steer is no good on the beef markets of the country, but a desirable piece of property to have on the range where feed is reasonably plentiful. Therefore, it will pay best to keep such at home to ripen for another year.

**An Expensive Garment.**  
Mrs. J. W. Mackay will soon own one of the most beautiful mantles in the world. It will be made of the breasts of birds of paradise. The breast is about four inches broad and about six long at the greatest length, and nearly heart-shaped; the upper portion is about an inch and a half deep, and is like the finest plush, in color a deep seal-brown, shading off to a pinky terra cotta. About 500 birds will be necessary to furnish enough for the cloak, and two skillful marksmen are now in New Guinea engaged in this wholesale slaughter.

**Prompt Payment.**  
Through the columns of the GAZETTE I wish to state that I have received from J. W. Branch of St. Louis, a check for \$2,000 life insurance on my husband, who was a member of Silver State Lodge, K. of H., Wadsworth, Nev.  
MRS. J. FELLNAGLE.

**TUESDAY, OCT. 18,**

**To Remain for One Week Only.**

All those suffering from Hernia who missed seeing the Doctor during his former brief visit will have a last opportunity to consult one of the most successful and widely known Specialists on the Coast.

Here are a few of the many testimonials received daily from all parts of the country:

**SURE CURE.**—Dr. Porterfield, who is at present in this city, has worked up for himself a great name for his wonderful cure of Rupture. Alderman Lewis, who had a bad rupture, was completely cured by him, and asked our reporter to make public the facts. (Marysville Daily Democrat.)

A. Giles, of Sacramento, who had a very bad double rupture, says: "He would not take one Thousand Dollars for Dr. Porterfield's treatment, as he has only been under his care a short time and is nearly well." (Mr. G. had a very bad double inguinal hernia.)

SACRAMENTO, Cal., June 1st, 1887.  
DR. PORTERFIELD.—Dear Sir: I want to give my testimonial in favor of your treatment for rupture. My son, whom you treated on January 1st, 1887, for Umbilical and also Inguinal Hernia, is now entirely cured. I would advise all who are ruptured to see you without delay.  
E. C. HETTERLE.  
Fifth street, between J and K.

I have been ruptured for years and was so bad I would have to stop work very often. I was persuaded to try Dr. Porterfield's treatment, since which time I have not lost a single day's work, and I consider that Dr. Porterfield saved me from an untimely grave, as I was unfit for anything. If you are ruptured see him without delay.

Mrs. Alt's weekly soirees are becoming more popular every week. This lady is acknowledged to be the leading and most painstaking dancing teacher in the State, and Reno's many graceful dancers attest the superiority of her instruction. To-night another dance will be given at Armory Hall. The music will be excellent, and as the weather is favorable for this amusement, a large attendance is expected.

Dr. Chas. N. Porterfield, the eminent rupture specialist who has been so successful during his short stay in Reno, will remain only two days longer (Sunday and Monday), owing to engagements elsewhere. The Doctor's success in the cure of rupture is a sufficient guarantee of his ability as a specialist. His reputation in that line is superior to all others. He invites all suffering with hernia to come to him, whether they wish his treatment or not. At the Lake House for two days only.

EDUCATIONAL ASSOCIATION.

C. S. Young the Originator of the Project of Holding the Next National Meeting in San Francisco.

Aaron Gove, President of the National Educational Association, who recently visited this city for the purpose of examining into the suitability of San Francisco as the place of meeting of the N. E. A. in 1888, yesterday started on his return trip to Denver.

Mr. Gove is delighted with San Francisco, and feels honored by the attentions bestowed upon him. He was accompanied across the bay by Superintendents Holt and Campbell and Principal O'Connor. He will stay over at Sacramento, where he expects to meet C. S. Young, ex-State Superintendent of Public Instruction of Nevada.

Mr. Young is the originator of the project of holding the meeting of the association in this city. In 1886 he and Mr. O'Connor made a remarkable effort before the National Council at Topeka to have the meeting held here this year, and so far as the votes of the council went, San Francisco distanced all competitors—Chicago with the rest. Among the many things contributing to San Francisco's present success, the endorsement of the Department of Superintendence (which met at Washington last March, under the presidency of Professor Young) stands first.

Mr. Young has been invited to deliver an address before the California State Teachers' Association, which will meet at Berkeley in December next. He will also represent this Coast before the National Association of School Superintendents, which meets in Washington next February.

In the whirl of events, Professor Young does not appear to have received all the credit due him by San Francisco for his untiring efforts to have the association visit here.

Mr. Young is at present one of the proprietors of the Reno GAZETTE.—S. F. Examiner.

LOCAL AND GENERAL NEWS.

Paradise children are afflicted with scarlet fever.

John Hanson, of Genoa, has refused \$1,500 for his horse Lookout. Oats are selling in Sierra Valley for \$1 50; barley, \$1 40; wheat, \$1 75 per hundred.

Mescal is a new mining camp, forty miles southwest of Vegas ranch, Lincoln county, Nevada.

The Genoa Courier says Carson has a boom at last. It appears to be a boom of immortality, however.

The suit of James Sutcliffe vs. Ayres & Calderwood is progressing before a jury in the Police Court today.

There will be no Mass at St. Mary's Church to-morrow, owing to the absence of Father Kiley in California.

A dispatch from San Francisco this morning says that Mrs. Donald produced \$2,000 cash bail and was released from custody.

W. S. Wilson shipped two carloads of ore this week from his Marysville mine, Battle Mountain, to Reno for reduction.

Ground has been broken and the timbers are being framed for the addition of five stamps to the Garfield mill, Battle Mountain.

The oldest child of W. W. Williams, of Bernice, a girl six years of age, was run over and killed by a freight wagon at Lovelock last week.

Litton & Hunter started a band of upwards of 1,600 head of cattle this morning for the White River country, in the northern part of Nye county.

Rev. L. B. Ridley, the new pastor of St. Paul's Church, Virginia, arrived last night from Philadelphia. He went to Virginia this morning.

Freight teams have raised the price of freight from Marysville to Sierra City. Teams from Sierra Valley can compete now via Truckee for that freight.

The contract for carrying the mail from Battle Mountain to Genoa has been let to J. A. Blossom. The service will be three times a week, on Tuesdays, Thursdays and Saturdays.

The school house at Brunswick mill, Carson river, is said to be haunted. Hobgoblins perambulate about the building at night, much to the terror of residents thereabouts.

A conference of farmers will soon be held at Lovelock, when a committee will be appointed to examine and report on the diverting of the waters of the Humboldt river by Wm. Dunphy and Grayson & Hinckley.

The N. & C. R. R. are constantly making additions to their rolling stock, rendered necessary by their steadily increasing traffic. Yesterday three new flat cars were received from the works at San Francisco, and others are in course of construction.

Several pistol shots rang out last night about the hour when churchyards are said to yawn. The shots were followed by loud screams. Diligent inquiry this morning in the vicinity (Second and Lake streets) failed to unearth the whenceness of the which.

It is stated that not a steer will be fed for market in Paradise Valley, Humboldt county, this year, owing to the scarcity of hay. The diverting of the waters from the natural channel of the Humboldt river is alleged by the unfortunate farmers to be the cause of the failure of the crop.

Silver State: Alex Wise has orders to bed sixty cars right away for cattle shippers and he wants a hundred more in the near future. The orders cannot be filled, however, as Traffic Manager Stubbs thinks the State has no future east of Reno, and takes no pains to accommodate the people. James Ritchie, of Paradise, has seven carloads and N. H. A. Mason has ten carloads of cattle here awaiting shipment, but there are no cars to be had.

He Shadowed the President. "Yes, sir, I am a private detective, and understand my business," was the explanation and declaration made by James Martin when taken before Justice White says the Chicago Herald. Two officers testified that Martin persisted in following President and Mrs. Cleveland in all their devious wanderings. He was discovered by a porter at the Palmer House at a late hour Wednesday night, in the act of shadowing the private apartments of Mrs. Cleveland. He stoutly maintained at the time that he was in the private employ of the President. When asked by Justice White for an explanation he said:

"I am a private detective in the employ of a syndicate of Eastern Democrats who have determined that the Cleveland incident shall not be repeated. My instructions are that no suspicious characters shall be allowed to approach the President, and in the discharge of my duty I was arrested."

Martin is a tall, well-dressed man, with dark complexion, a jet black mustache, and glistening white teeth. His eyes have that glitter peculiar to the genus crank, and they did not belie their possessor. A brief examination demonstrated that the man was either a thief or a crank. Justice White gave him the benefit of the doubt and placed him in charge of an officer, who presented him to Dr. Moser, who pronounced Martin insane.

Mrs. McDonald in Jail. Mrs. Clara Belle McDonald, who fired three shots at her father-in-law, R. H. McDonald, Thursday night, appeared before Police Judge Hornblower in San Francisco yesterday morning to answer to a charge of assault with a deadly weapon. On consent of counsel, the case was continued until Thursday.

The bail was reduced to \$5,000, but Mrs. McDonald is still confined in the city prison, as she has not been able to furnish the amount.

PERSONAL.

Prof. N. A. Hummel, of Wadsworth, is in town.

Mrs. Charlie Jones went to Carson this morning.

J. H. Thies, of Lovelock, is sojourning in Reno.

C. C. Warner, of Elko, came down from Virginia last night.

Oliver Lonkey, the Verdi lumber merchant, was in town yesterday.

W. J. Hanks, who has been visiting Virginia and Carson, came down on last night's train.

E. J. Parkinson, proprietor of the Carson Tribune, who is sojourning at the Arkansas Hot Springs for his health, is reported to be improving rapidly.

President Brown, of the State University, has accepted an invitation to deliver an address before the California State Association at Berkeley, December 30th.

J. B. Monaco, the artist, left this morning for San Francisco. He expects to return to Reno about November 1st, when he will start a class in crayon drawing and oil painting.

Proof Better than Assertion. When such proof as the following letter from W. H. Dean, of No. 278 Seventh street, New York, it is not necessary to make the bare assertion that Alcock's Porous Plasters cure lumbago. Mr. Dean says:

"Some ten days ago I was taken with a very violent pain in the small of my back. It was so severe that I could hardly breathe; every movement caused great agony. I finally found out it was lumbago. Being entirely helpless, a friend sent to a druggist and got two Alcock's Porous Plasters; these were well warmed and applied to my back, one above the other. In half an hour, my great distress and surprise, I found the pain began to abate. In two hours I was able to walk out and attend to my business, the pain being almost gone. Next day I was all right, but continued wearing the plasters for a week."

Must Have Cooks. A chronic dyspeptic sends us the following:

"We may live without poetry, music and art. We may live without conscience, and live without heart. We may live without friends, we may live without books, but civilized man cannot live without cooks."

Make No Mistake. By dispelling the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA-CAT-R-CURE is equally effective in radiating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents. \$1.00 a package, 3 for \$2.50.

Merit Will Tell. Was never better demonstrated than when "Fryer's Abietene Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinner is agent for these celebrated Abietene Remedies and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of Dr. F. Fryer is on each, as none are genuine without it.

Vitiated Blood. Scrofulous, Inherited, and Contagious Humors Cured by CUTICURA.

THROUGH THE MEDIUM OF ONE of your books received through Mr. Frank T. Wray, druggist, Apollo, Pa., became acquainted with your CUTICURA. It has been my opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning in connection with erysipelas, that I have ever seen, and this, after having been pronounced incurable by some of the best physicians in our country. I take great pleasure in stating that this testimonial, unswerving as it is by you, in order that others suffering from similar maladies may be encouraged to give your CUTICURA REMEDIES a trial. P. S. WHITTINGER, Reference: Frank T. Wray, druggist, Apollo, Pa.

SCROFULOUS ULCERS. James E. Richardson, Custom House, New Orleans, La., writes: "I suffered from Scrofulous Ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. I no relief or cure in ten years. In 1891 I heard of the CUTICURA REMEDIES, used them and was perfectly cured."

ONE OF THE WORSE CASES. I have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of scrofulous ulcer was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA and CUTICURA SOAP. The Soap takes the "seeds" here as a medical soap.

**DR. C. W. HIGGINS** the well-known  
eclectic, has opened an eclectic medical  
dispensary in his elegant parlors at No  
30 West Third South street, Denhaier  
Block, Salt Lake City.

**DR. C. W. HIGGINS.**

eclectic and Analytical Physician.

Has practiced in Salt Lake City fourteen  
years, and the wonderful and well-es-  
tablished cures he has effected in that time  
prove the scientific principles on which  
his remedies are compounded. The  
mode of forming a diagnosis by the aid  
of the microscope enables him to detect  
the primary cause of disease and effect a  
radical cure. The doctor has cured  
thousands of cases of Nervous Debility,  
Mental and Physical Weakness, Loss of  
Manhood and Nervous Prostration, the  
result of early indiscretions and excesses,  
and will forfeit five hundred dollars for  
any case taken under his treatment  
which he fails to cure.

Syphilis, Gonorrhea, Gleet, Stricture,  
and all old lingering diseases which vi-  
tiate the blood and impair the system  
thoroughly and permanently cured.

My treatment is sure, certain and spe-  
cific.
